Responses to this question on the student registration form:

"Are you a Parent or Carer?"

We understand that having caring responsibilities you will have a very different experience of being a student at Leeds. Leeds University Union offers many services, support and social networks to help make your time at Leeds as enjoyable as possible.

By ticking the box confirming that you are a Parent or carer, you agree that the University of Leeds will pass your name, university email address, date of birth and gender to Leeds University Union so they can send you an email explaining how to register with them. Alternatively you can register now using the following link ..."

It should therefore be understood that students would only tick the box to indicate that they are a Parent or Carer if they are happy to share their data with LUU. This question is not capturing the overall total of Parent/Carers as many may feel, for instance, that they have sufficient support and do not wish to receive LUU's information.
